SmartLock® Vented Foam Hinged Containers

Venting system allows steam to escape.

Pactiv's SmartLock® Vented Foam Hinged Containers are ideal for transporting foods that need to stay fresh and hot. The side vents on the package allow steam to escape – perfect for such popular food items as chicken, fish, french fries, and other crispy foods. This unique venting system gives operators the ability to control the amount of escaping steam, even if stacking becomes part of the plan.

Maximizes food capacity.

Feature	Benefit
Venting system	Helps steam escape even when the containers are stacked.
Reinforced sidewalls	Enhance container strength and improve stacking performance.
Stackability	Helps multiple orders stack easily.
Large container	Provides maximum food capacity.
SmartLock® closure	Closes securely yet opens easily.
Insulated design	Keeps hot food hot and cold food cold.

PS Foam (0°F/18°C - 150°F/66°C)

These guidelines are supplied to assist you in determining the proper use of Pactiv products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
