Reynolds® Flip ‘n Stack™

Optimizing Packaging Versatility

Innovative new way to merchandise your products.

Reynolds Food Packaging has a new, innovative package designed for grab and go, take-out and single-serve applications. The Flip ‘n Stack™ was created to address the ever-growing challenges of space management while enhancing product display. Its unique shape and configuration allows for the product to be displayed either stacked or lined up vertically.

Flip ‘n Stack Features:

- Compact design takes up less space than conventional sandwich packaging
- Clear PETE for product visibility
- Full perimeter closure
- Easy to open and close
- Flat panels allow ample space for labeling
- Custom embossing available
- Positive stacking when displayed flat
- Sturdy base for vertical display
- Operator and consumer friendly
- Recyclable

The Flip ‘n Stack is ideal for merchandising today’s unique sandwiches better than any other package on the market. Its also perfect for wraps, hoagies, fruits and vegetables and various bakery items.
