

For Meat and Produce Packaging...

Whether wrapping meat, cheese, or produce, Reynolon® offers a variety of exceptional plastic films.

Exceptional because ...

- ✓ They are specifically formulated with excellent breathability to keep foods fresh.
- ✓ Their strength and durability ensure that contaminants stay out.
- ✓ Their high gloss, sparkling clarity, contour and cling properties showcase your product, not the overwrap.
- ✓ Their compatibility with automated wrapping machines allows for optimized productivity.

For meat and produce films engineered for performance — consider it wrapped with Reynolon®.

FDA approved for food contact, Reynolon® film's engineered performance and optical clarity ensure an attractive wrap every time.
