

PFAS-free School Lunch Tray

Renewable

These EarthChoice fiber blend trays are made from PFAS free annually-renewable blend of bamboo and sugar cane (bagasse) plant sources.

Sturdy and soak-resistant

Place your food directly on these grease and water-resistant five-compartment trays. These durable trays can hold up to heavy and saucy foods like spaghetti, meatballs, and other cafeteria favorites.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
