

Paperboard Tamper Evident OneBox[®]

Step by step guide on how to securely close and open

How to close and secure the Tamper Evident OneBox[®]

Steps

1. Ensure the side flaps are folded in
2. Fold down the top lid so it covers the side flaps
3. Fold down the front lip on the lid
4. Ensure that all lid flaps are securely fastened within the container
5. Fold and insert the tab on the base container into the locking tab slot securing the closure
6. Optional: utilize the SmartVents™ by taking your fingers and pushing through the holes on the top of the container container's lid to open the container

How to open the Tamper Evident OneBox[®]

Steps

1. Pull back the container's tab on top to open
2. Once top tab is pulled back, pull out the bottom tab
3. As you hold the tabs, use the top tab to pull the container's lid up to open the container
