School Lunch Trays and Serving Trays
Fiber Blend

Strong, economical and reliable!

Compartment Trays
- Grease and water resistant
- Food placed directly on trays
- Great for schools and institutions

Cafeteria Trays
- 100% Recycled paper
- Natural color trays can be used as grease and oil absorbers

Our Fiber Blend products are made from a blend of pulp fibers which are sustainable and renewable resources.
- ASTM D 6868 certified and compostable in commercial facilities only, which may not exist in all areas. Not suited for home composting.

**NEW**

These guidelines are supplied to assist you in determining the proper use of Pactiv products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier’s recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.

We reduce the use of petroleum-based materials by incorporating other materials like minerals and plant-based starches into select EarthChoice products. We design products that may be washed and reused by consumers. We manufacture products that include post-consumer recycled materials and actively engage in initiatives to expand recycling of foodservice packaging. We utilize renewable resources and actively engage in initiatives to expand composting of foodservice packaging.
